Frequently Asked Questions

1. Can I change my seo plan after sign-up?

Yes, you can change your plan (downgrade or upgrade) at any time. Just email us.

2. Are custom seo packages available?

Yes, we can build custom seo plans for you. Please get in touch with us so we can understand your requirements.

3. What is the billing and payment schedule for the SEO Package?

The Invoice for your SEO Package will be generated at the beginning of the Service Month and payment is due in 5 days.

4. What is the minimum contract period for these SEO Plans?

Based on our experience, in most cases it takes 5-6 months to achieve rankings on competitive keywords and to start driving a significant volume of targeted traffic. If you are serious about SEO you should be prepared to continue for at least 6 months. If you need quick results, you should consider PPC (Google adwords).

5. I have multiple sites/projects to outsource. Do you offer bulk discounts?

Yes, we do. Please get in touch with us for more details.

6. How long until we see the first results?

Keywords ranking depends on many factors like keywords competitiveness, targeted market, how old is your website ,website optimization level, website authentication and website calibre etc. we always try to deliver improvement from first month.

7. What type of guarantee will you give us?

We define clear deliverables for each of our SEO Plans in terms of volume of work to be done and set milestones for achieving keyword rankings. We guarantee that we will follow only white hat seo techniques and work diligently to meet these milestones. Google, on its official blog, has clearly warned users to beware of seo companies that guarantee rankings.

8. How much work is expected of the client?

We would expect our clients to:-

Timely respond to our emails.

Provide fresh content, media (Article, Press Releases, Images, Videos) every week to be distributed and shared online.

Promptly implement design and on-page changes suggested by us (in case you haven't shared ftp/server access with us).

Keep us updated with other marketing activities they undertake, both online and offline.

Note: Strategy, Plan and Activities can be change as per project scope, requirement, Google updates and achieved results.
